

OPEN DAY INVITATION

**We would like to invite you
to a unique opportunity . . .**

For the first time under one roof & in a working environment, we are able to showcase the following diemaking technology.

DIE MAKER

The Die Maker Machines from Pacer Systems are CNC routing solutions which have been specially designed for use in Die Cutting and Die Making applications. Now you can automate the production of die boards, male and female strippers, blankers and counters to provide a faster service at a lower cost.

- **NEW MODEL**
- **NEW NOSE CONE TOOLING FOR PERTINAX COUNTERS**
- **CUTS, COUNTERS STRIPPERS, DIE BOARDS**

Partwell Group

The ultimate **ONE STOP SHOP** for all your die making & die cutting requirements:

- The sole UK distributor for Bohler & Martin Miller steel rule
- The official agent for many well known machinery manufacturers
- Large inventory for competitive pricing & supply
- **ONE STOP SHOP** for your convenience & reduced administration

Pack Design®

Complete CAD solutions for the die and packaging industry

Packaging Design

- Extensive design tools.
- Standard libraries for ECMA FEFCO and intelligent components.
- Enhanced filetype support.

Diemaking

- Extensive functionality for waste rules.
- Functions for bridging, pointage and material codes.
- Comprehensive functionality for Dieboards and Counters.

Advanced Diemaking

- Intelligent and flexible through database support.
- Advanced Stripping and Blanking Systems.
- Full control for output to Lasers, Routers, Waterjets, Plotters and many more.

BCSI Systems BV, the Netherlands

FIRST UK LAUNCH

- Fastest Bending
- Most Accurate
- Versatile and Economical

MODEL
MBP 240-PRO

Multi Bend PRO

(Automatic Steel Rule Bender & Processor)

Bending, Cutting, Lipping and Multi Bridge

Bend first, Cut last automated method of processing assures the greatest possible accuracy

No Jam-ups ! No Loss !

Young Wha Dieboard System Co., Ltd.

Special open days will be held on 3rd, 4th & 5th December at Afterprint, Phoenix Works, Vernon Road, Basford, Nottingham, NG6 0BX

We very much hope you will be able to attend
& would kindly ask that you inform us on the following number
