

Product Profile

KISS CREASE is the optimum balance between cost and quality. Kiss has precision engineered plastic shoulders on a micro thin polyester film base with a perfectly registered locator. Decades of continuous development and experience have led to efficient manufacture to the highest standards giving this optimum cost and quality balance. With a full range of standard, large, mini, off-centre and double sizes, there is a Kiss Crease matrix to meet any creasing requirement.

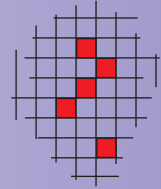

Key features include:

- Precision engineered plastic shoulders are extremely accurate and durable
- Micro thin polyester film base to reduce rule height adjustments
- Perfectly registered locator ensures accurate and high quality creasing
- Low profile reduces board stress and smooth mitred edges allow fast running
- All profiles are individually colour coded and labelled for easy reference and to minimise the risk of mixing sizes during make ready (see separate charts)

Available in an full range of sizes:

- STANDARD
- LARGE
- OFF-CENTRE
- MINI
- DOUBLE-CREASE

Locators are suitable for rule size 2-3, 3-4 and 6. Please specify when ordering.

Off-Centre Matrix Plastic Counter - Film Base

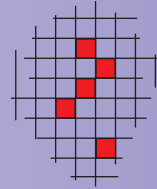

Specially engineered for jobs that require two creases close together, Kiss Crease Off-Centre is placed on the creasing rules with the narrow sides adjacent enabling the smallest possible distance between creasing centres to be calculated as follows:-
 Distance Centre to Centre (C) = 2 x shoulder width (i.e. 1.5mm) plus creasing width required (B).

Kiss Off-Centre has 36 strips of 700mm in each box.

Colour Code	A	B	Board Thickness		Board Wt (gms/m ²)	Order Code

Locators are suitable for rule size 2-3.

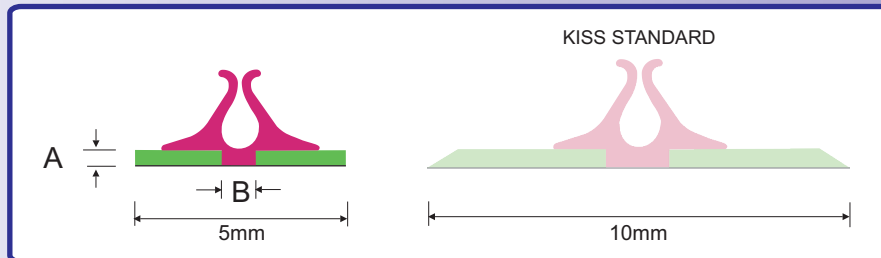

Mini Matrix

Plastic Counter - Film Base

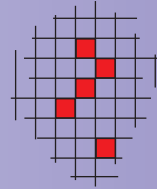

Kiss Crease Mini is available for those jobs which require small distances between the cutting rule and creasing rule e.g., glue flaps or apertures.

Kiss Crease Mini has 36 strips of 700mm in each box.

Locator suitable for rule sizes 2-3.

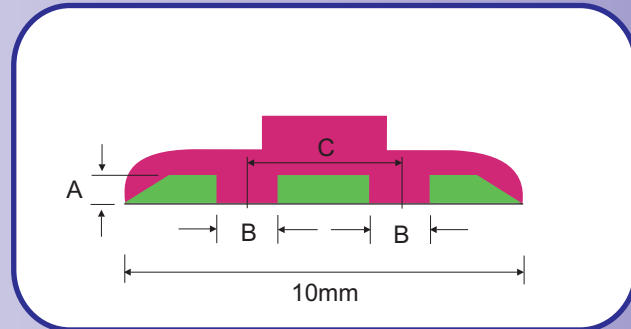

Double Crease Matrix Plastic Counter - Film Base

Specially engineered for those jobs that require two creases close together, the locator on Kiss Double Crease fits over both creasing rules to ease make ready.

The smallest possible distance between creasing centres is shown as 'C'.

Kiss Double Crease is available with 32 strips of 700mm in each box unless otherwise stated.
